

**Dan Mantz**

CEO and Chairman of the Board

The REC Foundation provides programs that engage and excite students about STEM, and prepares them for future careers in the workforce. From Aerial Drone Competitions, land based robotics and industry-leading certifications, we are proud to say that for over a decade, we have inspired millions of students around the world, one robot at a time.

# MISSION

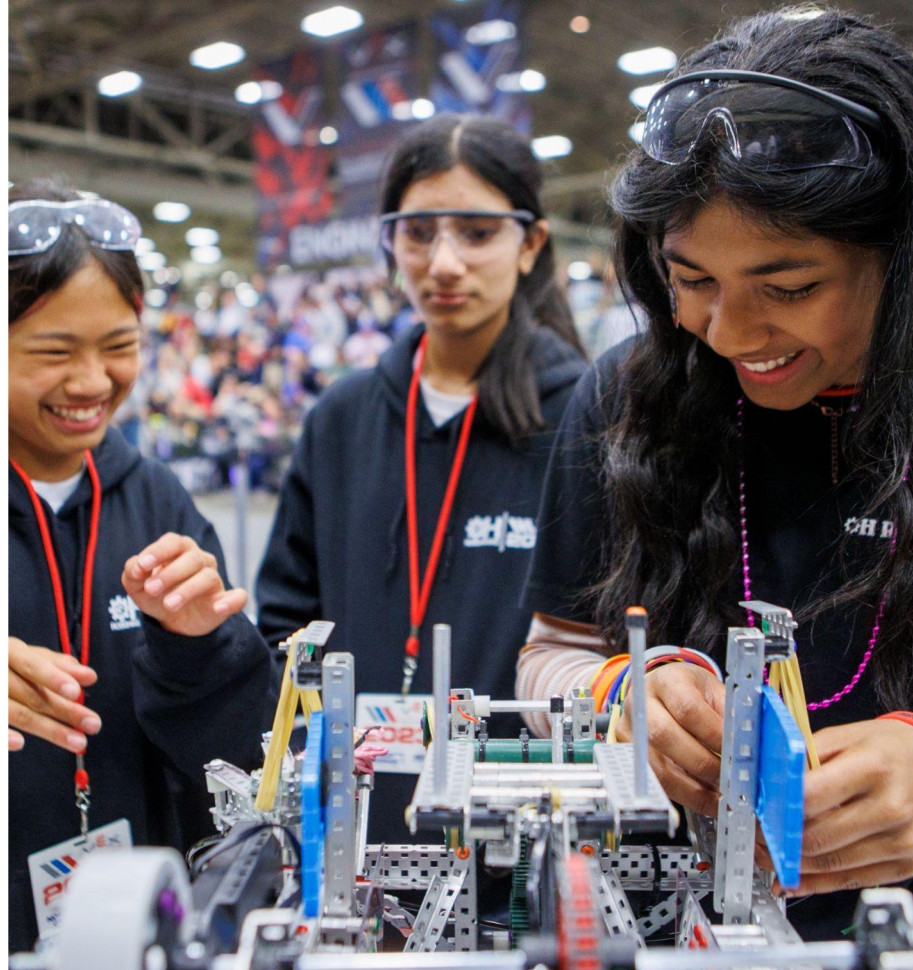

The Robotics Education & Competition (REC) Foundation's global mission is to provide every educator with competition, education, and workforce readiness programs to increase student engagement in science, technology, engineering, math, and computer science.

# VISION

We see a future where every student designs and innovates as part of a team, overcomes failure, perseveres, and emerges confident in their ability to meet global challenges.

# VALUES

## ***Passion***

We are passionate about engaging future generations through programs that promote curiosity, celebrate discovery, and create opportunity.

## ***Integrity***

Our commitment to integrity and honesty is the cornerstone of our organization and guides us as we build experiences that are inclusive and impactful for all.

## ***Excellence***

We strive for excellence by dedicating ourselves to delivering exceptional customer-focused programs and continuously improving to achieve the highest standards of performance.

any **Educator** can teach STEM and CS  
any **Adult** can mentor a robotics team  
any **Student** can engineer a robot  
any **Team** can run a robotics camp  
any **School** can host a robotics competition
